

John R. Moseley
jrmNo1@hotmail.com

Summary: John has worked as a Software Architect/Developer with over 35 years of strong experience in n-tier, database-driven, client-server, Internet, and web architecture and development projects. His technical expertise includes **Java, Blazor, MVC, Entity Framework, .Net Core TSQL, Microsoft .NET Framework, C#, VB.NET, ASP.NET, ADO.NET, Ajax, WCF, Windows OS, Object Oriented Application/Development, XML, UML, Design Patterns, SDLC methodologies, Oracle, MySQL and SQL Server.**

John has diverse industry experience has included automotive, utilities, healthcare, entertainment and e-commerce; He has worked with a variety of cross-functional teams. He has a very good conceptual and hands-on experience with .NET concepts such as threading, remoting, versioning, security, and caching. He has extensive experience working with MS-SQL as a backend, including performance monitoring and data conversation. He is only 1 test from receiving an MSDBA Certification.

SKILLS:

Languages: Java, Blazor, C#, VB.NET, ASP.NET, XML, Jason, UML, HTML, Knockout, Visual Basic, T-SQL, Active Server Pages, VBScript, Ajax, JavaScript, JQuery, CSS

Development Frameworks: .Net Core, MVC, WCF, Entity Framework, .NET Framework, MS Enterprise Library, Windows API, WEB API

Development Tools: Visual Studio.NET, VB6, MS Visio for Enterprise Architect, NDoc, NUnit

Distributed: WCF, Web Services, SOAP, .NET Remoting, DCOM, COM

Databases: MS SQL Server 2016/2012..., PL/SQL, MS Access 2000

Methodologies: Agile, Iterative, Scrum, Waterfall

SCM tools: GIT, Subversion and TFS

EDUCATION:

BS Electronics, DeVry Phoenix, AZ

CERTIFICATIONS:

- ☐ Microsoft(R) Certified Professional (MCP)
- ☐ Microsoft(R) Certified Solution Developer (MCS D)
 1. Designing And Implementing Desktop Applications
 2. Designing And Implementing Databases
 3. Designing And Implementing Distributed Applications
 4. Analyzing Requirements and Defining Solution Architectures
 5. Installing, Configuring, And Administering Microsoft(R) SQL Server (Tm)

Work Experience:

We Can Code It
Lead Instructor

Feb 2023 – Current

Boot Camp Instructor for Java, CSS, JavaScript, C#, MVC, Web API

Care Stream Dental
Sr. Developer (Remote)

Feb 2022 – April 2022
